

# Ethernet Switch

## 8 Ports PoE Switch

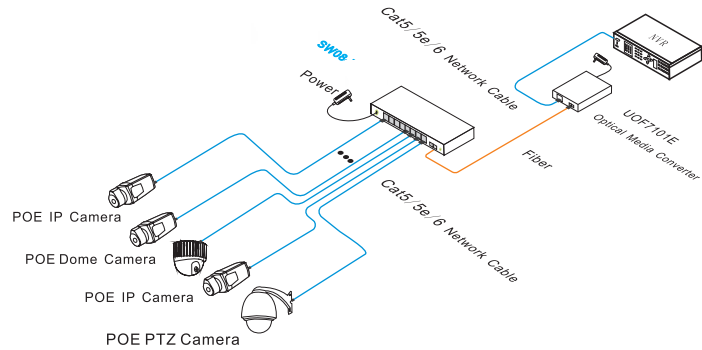

### AC-SW08

#### Feature

- Main ports: 1x100Mbps uplink port(can choose optical port or Ethernet port), 8x100Mbps downlink Ethernet ports, each port supports MDI/MDIX ;
- Data processing: one key CCTV mode;
- Power input: DC48V ~ 57V; provide power adaptor;
- Transmission distance: Ethernet port: 0 ~ 100m, optical port: determined by optical module performance;
- Meet IEEE802.3, IEEE802.3u, IEEE802.3af/at standards;
- Excellent anti-thunder, anti-static and anti-interference;
- Delicate design and easy installation;
- Plug and play, no setting required.

Advance Connex AC-SW08 is a security surveillance Ethernet switch, which aims at Ethernet HD surveillance and Ethernet security project. The product fully combines the characteristics of security surveillance, provides fast packet forwarding ability and abundant backplane bandwidth, which ensures clear image and fluent transmission. ESD, surge protection circuit can improve product stability. The product supports one key CCTV mode, can achieve VLAN, control the Net storm, extend distance up to 250m, protect the information security, prevent the viral transmission and Ethernet attack and fully satisfy the Ethernet video surveillance security system and Ethernet project needs.

Product Name	Picture	Voltage Range	PoE Power	IPC Port & Distance	Uplink Port & Distance	Bandwidth	Packet Forwarding Rate
	Model						
4 Ports PoE Switch	 AC-SW04	DC 48V-57V	Each Port <30W Total Power <60W	4 Ports 10/100Mbps 802.3at PoE 100m(default) 250m(CCTV mode)	10/100Mbps TP 100m	1.25G	0.75Mbps
4 Ports PoE Switch	 AC-SW04-F	DC 48V-57V	Each Port <30W Total Power <60W	4 Ports 10/100Mbps 802.3at PoE 100m(default) 250m(CCTV mode)	100Mbps Double Fiber SC Port 20km	1.25G	0.75Mbps
8 Ports PoE Switch	 AC-SW08	DC 48V-57V	Each Port <30W Total Power <120W	8 Ports 10/100Mbps 802.3at PoE 100m(default) 250m(CCTV mode)	10/100Mbps TP 100m	2.25G	1.34Mbps
8 Ports PoE Switch	 AC-SW08-F	DC 48V-57V	Each Port <30W Total Power <120W	8 Ports 10/100Mbps 802.3at PoE 100m(default) 250m(CCTV mode)	100Mbps Double Fiber SC Port 20km	2.25G	1.34Mbps
